

SAVISHKA

Full-Stack Developer

savishka.dev@example.com | +94 77 555 1234 | Colombo, Sri Lanka | [linkedin.com/in/savishka-dev](#) | [github.com/savishkacodes](#)

PROFESSIONAL PROFILE

Highly motivated Full-Stack Developer with a passion for building intuitive and high-performance web applications. Strong foundation in modern frontend frameworks (Angular, TypeScript) and robust backend technologies (C#, .NET Core). Excels in translating complex business requirements into scalable software solutions. Collaborative team player who thrives in agile environments, enjoys problem-solving, and is always eager to learn and adapt to new technologies.

TECHNICAL EXPERTISE

PROFESSIONAL EXPERIENCE

Software Engineer

Aug 2023 – Present

TechPulse Solutions — Colombo, Sri Lanka

- Developed and maintained responsive, user-facing features using Angular and TypeScript, improving user engagement by 15%.
- Designed and implemented secure RESTful APIs using C# and .NET Core to serve high-traffic frontend applications.
- Collaborated directly with UI/UX designers and product managers to improve overall platform accessibility and user experience.
- Conducted comprehensive code reviews and optimized backend queries to reduce database load times.

Junior Web Developer

Jan 2022 – Jul 2023

CodeWave — Colombo, Sri Lanka

- Assisted in database schema design and query optimization utilizing both MongoDB and SQL Server.
- Resolved critical bugs, wrote unit tests, and implemented minor feature requests across multiple client projects.
- Participated in daily stand-ups and sprint planning sessions within an Agile framework.
- Gained hands-on experience in full development lifecycles from initial requirement gathering to deployment.

EDUCATION

BSc (Hons) in Computer Science

2018 – 2022

NSBM Green University, Sri Lanka
